

AKTION

General information about AKTION programme

AKTION Czech Republic- Austria is an exchange programme supporting bilateral cooperation in education and science in the service sector. The AKTION programme was founded in 1992 by the Ministries of Education of both countries.

This program is meant to support mutual understanding between the Czech Republic and Austria. It supports development of double-sided cooperation in science and education in all academic areas.

Students interested in studying at CU FA through this programme can find more information on how to proceed with the application [here](#).

The International Relations Office is responsible only for registration of the incoming students upon their arrival.
