

Information for Prospective Students of the Faculty of Arts, Charles University (15 May 2020)

On 14 May 2020, the CUFA Academic Senate approved an amendment of the rules of the admission process of BA and MA studies and programmes for the academic year 2020/2021. The entrance examinations of nearly all opened studies and programmes were substantially adjusted and simplified.

The prospective students of the studies and programmes, which hold an in-person entrance examination, will receive a specific date of the entrance examination (specific date and time) through SIS electronic invitation **at least 15 days** before the holding of the entrance examination along with all details on the examination procedure (the attachment of the invitation).

Prospective students with another type of entrance examination are obliged to familiarise themselves with the updated form of their studies or programme's examination in SIS – Admission. In the coming days, we will also inform everyone via email. Please, regularly check your email inbox.

Prospective students staying abroad are allowed, based on a request, to hold **an oral examination** in the form of a videoconference. The requests are to be electronically submitted through SIS, in admission application (Requests – Other submissions).
