

Student Course Evaluation of the Winter Semester Has Been Launched. The Forms Can Be Filled by 24 January

Anonymous electronic course evaluation takes place from 5 until 24 January. The results, including the comments, will be released before the start of the summer semester.

Students of BA and (follow-up) MA programmes evaluate courses each semester, always near or after the end of the course. The evaluation is carried out in a unique application anonymously and in an electronic form.

At the beginning of the evaluation, all students receive by email a click-through access directly into the application and the courses they have enrolled in SIS will show up. They may evaluate them all at once or one by one, fully or partially – unfinished evaluations can be saved and returned to later. The evaluation is also accessible on the following webpage hodnoceni.ff.cuni.cz when logged in.

On the Faculty's Facebook page, there are several contests during the student evaluation; when the evaluation ends, one student out of each thousand sent forms will be drawn and receives a pack of CU FA representation materials and a book from Faculty of Arts Press.
