

Current Information about Library Services for the General Public

Dear users, please, read closely the important information about the services of CU FA libraries for the general public (i.e., it does not apply to the students and employees of Charles University):

Following the closure of CU FA buildings from 17 March 2021, the general public is not allowed to enter the buildings even to return books via book drop boxes.

We remind the users that from 28 February 2021, the overdue fines do not increase. Please, wait and return your loans when the buildings are again opened to the general public – this is related to the current epidemic situation (please, check the “traffic lights” of library operation on ff.cuni.cz/home/library). The returning of books is, nevertheless, allowed at least by post.

The services of CU FA libraries continue to be suspended for the external users until further notice. The services for Charles University users (students and employees) remain in the present operation without any change. More information.

Contact

If you have any specific questions, do not hesitate to contact the librarians via the following email: knihovna@ff.cuni.cz.
