

Students Evaluate the Courses of the Winter Semester

The anonymous electronic evaluation of courses takes place from 9 to 22 January 2023. The results including comments are to be published at the beginning of February.

Students of BA and (follow-up) MA programmes evaluate their courses each semester, always near or after the end of lectures. The evaluation is carried out in a unique application anonymously and in an electronic form.

At the beginning of the evaluation, all students receive click-through access by email that directly leads them into the application where the courses they enrolled in SIS will show up. They may be evaluated fully or partially, either all at once or they can be completed later – unfinished evaluations can be saved for later completion. You may also log in to the evaluation on <https://evaluace.ff.cuni.cz/>. You may switch to English in the upper left corner.
