ENROLMENT IN THE FIRST YEAR

The enrolment in the accredited programme Logic will take place individually by prior email arrangement with the officer Natália Přibylová.

If you cannot attend the enrolment personally, we recommend enrolling by proxy – those who enrol a student on their behalf must bring, besides the documents below, also filled in and signed power of attorney (editable PDF) – this power of attorney does not have to be legally authenticated.

Successful applicants, who cannot attend the regular or alternative term of enrolment personally or by proxy at the faculty on serious grounds, may apply for distance form of enrolment. The request for distance enrolment can be sent after 17 September; more detailed information is available below. Please note that the option of distance enrolment is possible only after you meet the last requirement for admission: submit the document of your previous education.

Accepted foreign applicants may use the Student Mode (i.e. the concept of visa facilitation for students-foreigners) and, therefore, accelerate access to the embassy for the visa procedure. For more information, please, contact Klára Kordíková or Natália Přibylová.
