1 Basic information about the admission procedure and general conditions

- 1.1 The admission procedure is governed by the provisions of [§ 48 to 50 on Higher Education Institutions and amending and supplementing other acts, as amended](#); [Art. 19 and 20 of the Constitution of Charles University, as amended](#); [the Code of the Admissions Procedure for Applicants to Charles University, as amended](#); [Rector's Measure no. 12/2025, Schedule of the Admissions Procedure for the 2026/2027 Academic Year, as amended](#), and the associated Dean's directive [Schedule of the Admission Procedure for Studies at the Faculty of Arts of Charles University for Courses Starting in the 2026/2027 Academic Year and Preparations for the Admission Procedure for Studies Starting in the 2027/2028 Academic Year](#) (to be issued; hereinafter referred to as the "Schedule of the Admission Procedure at CU ARTS"); [Dean's Measure no. 4/2017, Organisation of the Admissions Procedure for Study at the Faculty of Arts of Charles University, as amended](#); and these *Requirements for Admission to Study at the Faculty of Arts of Charles University for Courses Starting in the Academic Year of 2026/2027: Doctoral Studies*.
- 1.2 These *Requirements for Admission to Study at the Faculty of Arts of Charles University for Courses Starting in the Academic Year of 2026/2027: Doctoral Studies* ("RAS" or "these requirements") set out the conditions for admission to study in doctoral study programmes.
- 1.3 **Admission to study in a doctoral study programme is conditional on the proper completion of a master's degree in any type of university degree programme.**
- 1.4 **The Faculty of Arts of Charles University** (the "CU Faculty of Arts" or the "Faculty") **further lays down additional conditions for admission to study relating to certain knowledge, abilities or talents. The faculty verifies these through an entrance exam.**
- 1.5 **These requirements consist of the general conditions common to the admission procedure for all study programmes (sections 1–15 RAS) and the academic requirements for individual study programmes, which determine the form of the entrance examination, and any other conditions separately for each study programme (section 16 RAS).**

2 Application form

- 2.1 **The admission procedure begins with the delivery of the application for study.** Only the applicant whose application for study is involved is a participant in the admission procedure.
- 2.2 **The period for submitting applications runs from 01/12/2025 to 30/04/2026** (unless stated differently in the relation to the inter-faculty agreements, para. 2.4 RAS).
- 2.3 Separate application periods will be set for doctoral study programmes for which the accreditation process will be completed after 30/11/2025.
- 2.4 **Based on inter-faculty agreements between the Faculty of Arts and some other faculties of Charles University, selected study programmes can be studied at two or more faculties at the same time.** Admission procedure might take place at each faculty alone or simultaneously on both/all faculties. All deadlines and requirements in relation to the admission procedure are set by the "core" faculty responsible for the realization of a given study programme. This aspect is always specified in the academic requirements for individual study programmes (section 16 RAS).
- 2.5 **Applications for study must be submitted electronically via Charles University's Study Information System** (the "information system"). On registering in the information system,

the applicant also creates an account, which serves as an environment for communication between the applicant and the faculty throughout the admission procedure. In the information system, the applicant can monitor their application, the invitation to the entrance examination, the points gained in individual rounds, the overall points total and the final result of the entrance examination. **The application is not printed out and sent by post.**

- 2.6 **The application, including all mandatory attachments, must be sent through the information system and the fee for activities related to the admission procedure must be paid by 23:59:59 on the last day of the period set for submitting applications for relevant study programmes** (para. 2.2 RAS and *Schedule of the Admission Procedure at CU ARTS*).
- 2.7 **Applicants may submit any number of applications for study at the Faculty of Arts of Charles University.**
- 2.8 **Applicants must submit a separate application with all mandatory attachments for each study programme selected.** If an applicant is successful in the admission procedure for more than one study programme, during enrolment he/she must make a binding statement on which study programme he/she will study.
- 2.9 **If an applicant applies for more than one study programme, he/she must submit a separate dissertation project for each application.** If several applications are accompanied by the same dissertation project, the project is deemed to belong to the first application submitted. The candidate is invited to attach separate projects to the other applications submitted. If the applicant fails to do so within the set time limit, the procedure for these applications is suspended.
- 2.10 If the applicant applies for both full-time and combined forms of study of the same study programme, he/she must submit a separate application with all mandatory attachments for each form of study. Mandatory attachments may be identical in this case.
- 2.11 Applications must state the student's choice of a potential supervisor. If the candidate does not know which supervisor to choose, he/she must choose the chair of the subject-area board. The choice of the supervisor in the application is preliminary.
- 2.12 The application form includes the possibility of choosing the topic of the dissertation from the offer of topics available in the application form for study. The candidate can also propose their own dissertation topic.
- 2.13 The data in the application can be changed in the information system (Applications section). The study programme and the type of study and its form may be changed until **23:59:59 on the final day of the period set for submitting applications for study in the relevant study programme** (para. 2.2 RAS). Applicants may request the correction of personal data at any time.
- 2.14 **Evidence of previous education (university diploma) is not provided along with the submitted application.** Only applicants who pass their admission examination will be asked to submit these documents.
- 2.15 **Only a properly completed application form sent with all mandatory attachments, and for which a fee has also been paid for activities related to the admission procedure, is valid** (para. 4.1 RAS). If an application is not filled in completely or if it does not contain all mandatory attachments, the faculty will request that the applicant remedy the deficiencies and set a reasonable period of time to do so. Requests are sent through the information system. If the deficiencies are not remedied within this period, the admission procedure is suspended.

2.16 **If an applicant fails to pay the fee within the specified deadline (para. 3.1.5 RAS) they are deemed to have withdrawn the application.**

2.17 If the applicant applies for a study programme implemented at two or more faculties of Charles University, he/she submits an application to study at only one of the faculties; if the applicant submits applications to more than one faculty, the proceedings are suspended for the application submitted later.

3 Mandatory attachments to the application

3.1 Attachments requirements

3.1.1 **Mandatory attachments a)–d) to applications for Czech-language study programmes must be written in Czech, Slovak, or English.** Are they to be written in a different language, their acceptance is conditional on the written consent of the chair of the subject-area board, which must be attached to each of the mandatory attachments.

3.1.2 **Mandatory attachments a)–d) to applications for non-Czech-language study programmes must be written in English or in the language in which the study programme is accredited.** Are they to be written in a different language, their acceptance is conditional on the written consent of the chair of the subject-area board, which must be attached to each of the mandatory attachments.

3.1.3 Applicants must state their first and last name, name of the study programme they are applying for, and title of the submitted project for a prepared dissertation in the header of a first page of every mandatory attachment a)–d).

3.1.4 All mandatory attachments must be imported separately into the information system. Attachments are not printed out and sent by post.

3.2 Mandatory attachments to applications for Czech-language study programmes

- a) **project for a prepared dissertation** in the range of 3–5 standard pages; the topic of the dissertation project is selected by the applicant from the areas or topics specified in the information system or the applicant chooses the topic individually; the chosen topic is consulted in advance by the applicant with the chair of the relevant subject-area board or the contact person specified in the academic requirements for individual study programmes (section 16 RAS), the name of the consultant is then stated in the project;
- b) **structured curriculum vitae**;
- c) **list of literature** corresponding to the study programme;
- d) **overview of existing academic activities** (publication activities, internships, etc.);
- e) **proof of language competence in Czech or Slovak**, i.e. scan of any of the following proofs of language competence: school-leaving certificate confirming the successful completion of the school-leaving examination (*maturita*) in Czech/Slovak as one's native language or as a foreign language at B2 level or higher; proof of completion of any university degree programme accredited in Czech/Slovak; proof of successful completion of a foreign university study programme focusing on Czech/Slovak philology or Czech/Slovak studies; proof of a pass in any certified exam in Czech/Slovak as a foreign language at B2 level or higher according to the list in the Appendix to these Requirements; it is not mandatory for graduates of Czech-language study programmes of the Faculty of Arts or other faculties of Charles University to hand in a proof of language competence in Czech. The list of language certificates recognised by the University is attached to these Requirements.
- f) **proof of language competence in English or a different language** based on the academic requirements for individual study programmes (section 16 RAS), i.e. scan of any of the following proofs of language competence: school-leaving certificate confirming the

successful completion of the school-leaving examination (*maturita*) in English as one's native language or as a foreign language at B2 level or higher; proof of completion of any university degree programme accredited in English; proof of successful completion of a foreign university study programme focusing on English philology or English studies; proof of a pass in any certified exam in English as a foreign language at B2 level or higher according to the list in the Appendix to these Requirements. Along with Czech, courses might be conducted in a language logically related to the given study programme or the dissertation project. In such cases, language competence in a related language is examined during the entrance examination (section 16 RAS).

3.3 Mandatory attachments to applications for non-Czech-language study programmes

- a) **project for a prepared dissertation** in the range of 3–5 standard pages; the topic of the dissertation project is selected by the applicant from the areas or topics specified in the information system or the applicant chooses the topic individually; the chosen topic is consulted in advance by the applicant with the chair of the relevant subject-area board or the contact person specified in the academic requirements for individual study programmes (section 16 RAS), the name of the consultant is then stated in the project;
- b) **structured curriculum vitae**;
- c) **list of literature** corresponding to the study programme;
- d) **overview of existing academic activities** (publication activities, internships, etc.);
- e) **proof of language competence**, i.e. scan of any of the following documents of language competence in the foreign language in which the study programme is accredited: secondary school-leaving examination with a curriculum realised in the relevant foreign language; proof of completion of any university degree programme accredited in the relevant foreign language; proof of successful completion of any certified examination in the relevant foreign language at B2 level or higher according to the list in the appendix to these Requirements, proof of completion of a language examination in the relevant foreign language at B2 level or higher, completed as part of any university course; for graduates of the Faculty of Arts or other faculties of Charles University, a relevant document generated from the information system may be submitted instead of a certified copy. The list of language certificates recognised by the University is attached to these Requirements. Along with the language in which the study programme is accredited, courses might be conducted in a language logically related to the given study programme or the dissertation project. In such cases, language competence in a related language is examined during the entrance examination (section 16 RAS).

4 Fees

4.1 Fee for activities related to the admission procedure

4.1.1 The amount of the fee for activities related to the admission procedure (the "fee") for the admission procedure for studies starting in the 2026/2027 academic year is determined as follows:

- a) **840 CZK for one application to study a Czech-language programme,**
- b) **60 EUR for one application to study a non-Czech-language programme.**

a) **The fee must be paid separately for each programme.**

b) **Payment data**

- Bank: Komerční banka, Praha 1

- Account no.: 85631011/0100
 - Constant symbol: 0308
 - Variable symbol: 820001
 - Specific symbol: number generated by the information system – web application ID (not required when paying by card)
 - SWIFT: KOMB CZ PP
 - IBAN: CZ96 0100 0000 0000 8563 1011
 - Address of account holder: Univerzita Karlova, Filozofická fakulta, nám. Jana Palacha 1/2, 116 38 Praha 1.
- c) The fee can be paid online or by bank transfer, deposit to the bank account or in cash at the cash desk of the Faculty of Arts of Charles University.
- d) **The fee is payable no later than on the 3rd day from the last day of the period specified for the submission of applications for the relevant study programme (para. 2.2 RAS).**
- 4.1.2 Applicants can monitor the status of the receipt, processing and payment of fees in their account in the information system.
- 4.1.3 **The fee is non-refundable at all stages of the admission procedure.**

4.2 Study fee

- 4.2.1 **There is no fee for the study of Czech-language programmes.**
- 4.2.2 **The study of non-Czech-language programmes is subject to a fee in accordance with [Appendix 2 to the Constitution of Charles University](#).**

5 Entrance examination

- 5.1 **The entrance examination may be held in one or two rounds.** Each round can consist of one or more parts. The form of the entrance examination and any other conditions are set out in the academic requirements for individual study programmes (section 16 RAS).
- 5.2 **The entrance examination may take place in person or remotely.**
- 5.3 **The entrance examination for Czech-language study programmes is held in Czech,** unless stipulated differently in the academic requirements for individual study programmes (section 16 RAS). Applicants may also use Slovak (both oral and written) when sitting the examination, unless stipulated differently in the academic requirements for individual study programmes (section 16 RAS). **For non-Czech-language study programmes, the examination is held in the language in which the study programme is accredited,** unless stipulated differently in the academic requirements for individual study programmes (section 16 RAS).
- 5.4 **Applicants who apply simultaneously to the full-time and combined form of study for the same study programme** (i.e. a separate application was submitted for each form of study) **must sit the entrance examination once only;** the result is counted for both forms of study.
- 5.5 **If the admission procedure is opened for more forms of study different from what the applicant signed up for, the faculty can – based on the admission committee’s evaluation result – offer the applicant to enrol themselves into the other form of study of the same study programme the applicant sent their application to.** The faculty allocates at least 7 days for the applicant to accept the offer. If the offer is accepted, the faculty changes the form of study originally registered in the application form by the applicant and the Dean issues the decision of acceptance into the newly registered form of study. If the offer is declined or left pending during the time allocated to accept, the Dean issues the decision of acceptance into the form of study originally registered by the applicant

in the application form. The offer to change the form of study is sent out by the faculty via the Student Information System.

- 5.6 During the entrance examination, all applicants are obliged to comply with the rules set out in [*Dean's Measure no. 4/2017, Organisation of the Admission Procedure for Study at the Faculty of Arts of Charles University, as amended*](#), and the other regulations referred to in para. 1.1 RAS.

6 Invitation to the entrance examination

- 6.1 Applicants are invited to sit the entrance examination by an electronic invitation sent by the Faculty of Arts of Charles University via the information system.
- 6.2 **The faculty sends electronic invitations to applicants no later than 30 days before the date of the entrance examination.** In the case of an invitation to an alternative date for an entrance examination, this period may be reasonably shortened.

7 Dates of entrance examinations

- 7.1 **The dates of entrance examinations are set for the period from 08/06/2026 to 19/06/2026** (unless stated differently in the relation to the inter-faculty agreements, para. 2.4 RAS).

8 Alternative date of entrance examinations

- 8.1 **The Dean sets at least one substitute date for the entrance examination;** this must be set at least 5 days and no later than 40 days after the scheduled date.
- 8.2 **The substitute dates of entrance examinations are set for the period from 15/06/2026 to 26/06/2026** (unless stated differently in the relation to the inter-faculty agreements, para. 2.4 RAS).
- 8.3 **The Dean may permit an applicant to sit an entrance examination on an alternative date if the applicant is unable to participate in the examination on the scheduled date due to serious and documented reasons, and in particular due to health reasons.**
- 8.4 **Applications to sit an entrance examination on an alternative date must be submitted via the information system** (Applications section). A separate application must be submitted for each study programme for which the applicant wishes to sit the entrance examination on an alternative date, even if the content of the entrance examination or any part thereof is identical or has the same validity. A document that credibly substantiates the stated reasons must be included as a mandatory annex to the application.
- 8.5 **An alternative date may be applied for within no more than 3 days after the scheduled date of the examination.** An alternative date for the second round of a two-round entrance examination can be applied for only in the event of advancement to the second round.
- 8.6 Regular study abroad which serves as preparation for study at a university is in all cases deemed a valid reason for the approval of an application to sit an entrance examination on an alternative date. Other applications for the allocation of an alternative date for sitting the entrance examination are assessed on a case-by-case basis and there is no automatic entitlement to approval.
- 8.7 If an applicant is permitted to sit multiple examinations on an alternative date, it is not possible to guarantee that the alternative dates of entrance examinations for individual study programmes will not overlap. Another alternative date is not permitted.

- 8.8 If an application for an alternative date for an entrance examination or part thereof is incomplete or does not contain all the mandatory attachments, the faculty will invite the applicant to remedy the deficiencies and set a reasonable deadline for them to do so. If the deficiencies are not remedied within this period, the application will not be approved.
- 8.9 The applicant will be notified of the processing of their application through the information system, in which, if the application is accepted, the new date of the examination will be indicated, and the applicant will receive a new invitation to sit the entrance examination. In the event of the rejection of an application, the applicant is informed of the reason for the rejection via the information system, and the invitation with the original date of the exam remains valid.

9 Modification of the entrance examination

- 9.1 **Applicants may request a modification of the entrance examination due to specific needs arising from their state of health.**
- 9.2 Modification of an entrance examination is requested via the information system together with the application for study (in the section of the application entitled Requirements for special treatment due to disability). Applicants must also attach to the application a statement from a specialist (medical certificate, recommendation of a pedagogical and psychological counselling centre, etc.) as specified [here](#). Applications for modification, including attachments, may be submitted no later than 23:59:59 on the last day of the period set for submitting applications for a given study programme (para. 2.2 RAS).
- 9.3 If an application for modification of an entrance examination is incomplete or does not include all mandatory attachments, the faculty will invite the applicant to remedy the deficiencies and set a reasonable deadline to do so. If the deficiencies are not remedied within this period, the application will not be approved.

10 Remote entrance examination

- 10.1 In case of an applicant's inability to attend an entrance examination which fully or partly requires the applicant's personal participation at the faculty (according to the academic requirements – section 16 RAS) due to serious and substantiated reasons (such as study or long-term residence abroad, serious health reasons, etc), the Dean may, at the applicant's request, authorise the sitting of the examination by videoconference.
- 10.2 The request for the remote entrance examination must be submitted via the information system (Application section) within deadlines set by the *Schedule of the Admission Procedure at CU ARTS* (unless stated differently in the relation to the inter-faculty agreements, para. 2.4 RAS).
- 10.3 If the request is incomplete, the faculty will invite the applicant to remedy the deficiencies and set a reasonable deadline to do so. If the deficiencies are not remedied within this period, the request will not be approved.
- 10.4 The remote entrance examination must take place in accordance to the [Code of the Admissions Procedure for Applicants to Charles University, as amended](#); and other regulations referred to in para. 1.1 RAS.

11 Score and results of entrance examinations

- 11.1 **A maximum of 60 points can be obtained for the entrance examination.**
- 11.2 In the case of the two-round entrance examination, applicants advance to the second round if they score a **minimum 15 points in the first round** (unless stated differently in the relation to the inter-faculty agreements, para. 2.4 RAS).
- 11.3 **The scores achieved in entrance examinations are published on a rolling basis in the information system** (Progress of Entrance Examinations section). Candidates are sent an information e-mail immediately after the publication of partial scores.
- 11.4 **To be admitted to study, an applicant must score the minimum number of points required to pass the entrance examination (i.e. at least 30 points) and also achieve the minimum number of points required for admission to study.** The minimum number of points required to be admitted to study separate study programmes is determined by the Dean based on the results of entrance examinations and with respect to the economic and capacity resources of the faculty.
- 11.5 **The final results of entrance examinations will be published by 30/06/2026** (unless stated differently in the relation to the inter-faculty agreements, para. 2.4 RAS).
- 11.6 Following publication of the final results of entrance examinations in the information system, the Faculty of Arts of Charles University will notify applicants who have succeeded in the entrance examination of how and by which date they should deliver proof of previous education in order to meet all the conditions for admission to study (para. 1.3 RAS). Applicants who successfully meet all the conditions for admission to study will receive a **decision on admission to study**.
- 11.7 **The Faculty of Arts will send a decision on non-acceptance to study to candidates who fail the entrance examination** following the publication of the final results of the entrance examinations (para. 11.5 RAS).
- 11.8 **The faculty does not provide applicants or other persons with information about the results of other applicants.**

12 Acceptance to study

- 12.1 **Decisions on acceptance to study are taken by the Dean of the Faculty of Arts of Charles University.** The decision must be issued within 30 days from the verification of the conditions for acceptance to study.
- 12.2 **Applicants who have met all the conditions including providing a proof of previous education, i.e. a diploma confirming the completion of a master's degree (para. 1.3 RAS), are accepted to study.**
- 12.3 Applicants who have completed the required previous education at one of the faculties of Charles University are not required to provide evidence of previous education.
- 12.4 Applicants who have graduated at a non-Czech university must submit one of the following documents as evidence of previous education:
- a) a foreign document concerning a foreign higher education if it is deemed automatically equivalent in the Czech Republic in accordance with its international agreements without any further administrative procedures (**a higher education diploma from Poland, Hungary, Slovenia, or Slovakia** – except for diplomas originating from a Slovakian college affiliated outside of Slovakia issued after 28/03/2015),
 - b) a document proving the general recognition of a foreign higher education in the Czech Republic (so-called [general nostrification](#)),

c) a foreign document concerning a foreign higher education, which will be assessed by the faculty – **faculty assessment is subjected to a fee.**

12.5 Organisational and administrative requirements are set out in the *Schedule of the Admission Procedure at CU ARTS*.

13 Supplementing of the number of accepted applicants

13.1 In the event that some applicants admitted to study in a given study programme do not enrol for study, the Dean may supplement the number of accepted applicants with applicants who, due to the stipulated number of accepted applicants, were not accepted following the original decision, in the order in which they were placed in the original admission procedure.

14 Viewing of materials

14.1 **Applicants have the right to view their materials from the admissions procedure.** Organisational and administrative requirements are set out in the *Schedule of the Admission Procedure at CU ARTS*.

15 Appeals and appeal procedures

15.1 **Applicants may lodge an appeal to decision of the Dean. The deadline for appeals is 15 days from the date of notification of the decision.** An appeal may be lodged only after a decision has been issued; if an appeal is lodged before the notification of a decision, it shall be deemed to have been lodged on the 1st day of the appeal period.

15.2 **An appeal may challenge the operative part of the decision, an individual statement or its ancillary provisions; an appeal against the reasoning of the decision only is inadmissible.** It must be evident from the appeal which decision is being appealed against and what is being proposed. The appeal must state what the applicant sees as a conflict between the decision or procedure that preceded it, with statutory regulations or internal regulations, or with the conditions of admission to study.
